What is Sustainability?

The condition that meets the needs of the present without compromising the ability of future generations to meet their needs. It requires viewing economic, social and environmental needs as an integrated, whole system.

Schools have a critical role!

- **They prepare students to be tomorrow's leaders!**
- **They support business success.**
- **Their activities impact sustainability, including:**

FACILITIES AND OPERATIONS:

Buildings, Landscaping, Indoor Environmental Quality, Energy, Material, Water

SYSTEMS AND SERVICES:

Transportation, Food, Purchasing, Managing Sustainability

COMMUNITY AND CULTURE:

Community Involvement, Cultural Proficiency

EDUCATION about sustainability:

Students and Staff

AND MANY MORE!

The Sustainable Oregon Schools Initiative (SOSI)

SOSI is raising awareness in the school community about sustainability, and is bringing stakeholders together in topic teams to identify and create resources that our schools can readily access in their journey toward sustainability. These will be available to all from a website, providing a focal point for sustainability in K-12 schools and districts.

Why is this Important?

- **SAVES DOLLARS**
- **HEALTHIER SPACES FOR OUR KIDS**
- **REDUCED ENVIRONMENTAL IMPACTS**
- **SUPPORTS ACADEMIC PERFORMANCE**
